# BUILD YOUR OWN FLIGHT BOARDS

---

Fancy trying something different? Whether you consider yourself a whisky aficionado, or a whisky novice, let us help you choose what to drink by building you your own flight board. Just answer the questions below and we'll make it up specially for you.

A great way to get to try different whiskies.

## TO CONSIDER

1. Which region or country - or a mix?
2. How strong is the whisky? Standard ABV or Cask Strength?
3. What type of cask? Fully matured, or a finish?  
For example bourbon, sherry, port, wine?
4. Do you like peated whiskies?
5. Are there any brands you would like particularly to try?

---

Once you've had a think about the above questions we will put together a flight using your preferences, just choose a price point.

£25 / £30 / £50
